

# Floral By Nature

## Private Workshops

An exclusive, personalised experience  
that can be tailored to suit your interests

# Hello!

Firstly I just want to say a huge thank you for taking interest in a Floral By Nature Private Workshop. We have been working towards this for a few years now, so we are very excited to finally welcome you to the farm with what we hope will be a very special and memorable experience.

We've put together this information pack to provide you with everything you need to know about our private workshops.

We look forward to welcoming you to the farm and sharing our passion for flowers with you!

If you have any questions or would like to make a booking, please reach out by email, which you can find below.

*Celine x*

# Eco Conscious Flowers...

Floral By Nature is a seasonal micro flower farm, nestled in the picturesque rolling hills of the Kanimbla Valley, 2 hours west of Sydney.

Celine and her husband Tristan grow cut flowers naturally without the use of any nasty chemicals. The farm is entirely off grid and powered by the sun.

During October and April flowers are available direct to the public by ordering via their website and at various stockists throughout the Mountains. Floral By Nature also sell soaps which are handmade with their flowers.

Celine is a trained Florist and horticulturist of 25 years and grows a wide range of different flower varieties to use in their arrangements including Dahlias, Sunflowers, Strawflowers, Roses, Chrysanthemums and many others.

# Your day amongst the flowers

## 1 Morning tea upon arrival

Enjoy morning tea upon arrival.

Unwind and enjoy morning tea under the apple trees amongst the flowers. Your choice of tea or coffee and a snack.

---

## 2 Farm Tour

Walk through the rows of flowers with Celine and learn what is in season and the different flower varieties. Feel free to ask any questions you may have about any aspect of flower farming.

---

## 3 Floral Demo

After the Farm Tour you will be invited into the flower shed to watch a flower arranging demonstration by Celine. She will take you through each step to create your chosen design.

---

## 4 Pick your own

Time to get amongst the blooms! After the demonstration you will head back to the flower patch and pick flowers for your own creation. We will begin with going through the do's and don'ts of harvesting, then you will be set free to frolick amongst the flowers and decide what beauties will be hitching a ride home with you.

\*subject to time of season

---

## 5 Arrange your own

Head back to the flower shed with your buckets of blooms to create your own floral masterpiece. You will be provided with all tools and materials necessary. Celine will be on hand to offer one on one tuition and to answer any questions you may have.

---

## 6 Picnic Lunch

You've worked up an appetite! Wander down to our private Cox's river frontage for a yummy picnic lunch. Take in the serenity, sip on some wine and enjoy a delicious graze box lunch made by local business Lavender Hill Graze.

\* Vegetarian, GF and Vegan options available.

# Your safety is our priority...

The safety of our participants and visitors to the farm is our priority. We have undertaken all reasonable actions to create a safe working environment on the farm. Floral By Nature has public indemnity insurance. However, risks and hazards such as uneven ground, irrigation lines on the ground, snakes, ant bites, bee stings, thorns etc. are a reality. We ask that you only participate in this activity if you are prepared to take responsibility for your own safety. While the risk of a sting is low it's good to be aware that bees are at work amongst the flowers.

Attendance and participation is entirely your own risk. You are responsible for any personal injury, loss and/or damage to property that you may suffer. We ask that participants dress appropriately: sun protection, enclosed footwear, etc.

---

# Frequently Asked Questions

## 1. How do I make a booking?

To make a booking please email us at [floralbynaturebm@gmail.com](mailto:floralbynaturebm@gmail.com) with your preferred date. We will then get back to you to confirm and invoice you for payment. Payment is required in full to secure your booking.

## 2. What happens if it's raining on the day of my workshop?

Workshops can still take place in wet weather. The workshop experience may change slightly including using pre harvested flowers (no pick your own) and lunch under cover at the Flower shed. We will discuss these options at time of booking and come up with a wet weather plan.

## 3. How big is the farm?

Floral By Nature is a small organically managed flower farm nestled by the Cox's River within our 104 acre property. Please don't expect a commercial sized farm with flowers as far as the eye can see. Sometimes we have a large amount blooming all at once and at other times it is a combination of new crops growing, blooming and every stage in between.

## 4. How do I get to the farm?

Once your booking is confirmed you will be emailed our address with detailed directions. Once at the farm we will shuttle participants in our van to the flower patch as our dirt road down the mountain is accessible by four wheel drive only.
